Press Release

FOR IMMEDIATE RELEASE: 24th July 2015

Dee Cee now adding even more comfort with Electronic Adjustable Beds

Due to increased demand from our many satisfied customers Dee Cee Upholstery & Interiors have now added electronic adjustable beds to their range.

We are now able to provide adjustable beds to accompany our very popular Rise & Recline and High or Low Seat chairs, which all carry a free 5 year guarantee.

Come along and try out one of these extremely comfortable and stylish beds at our Portswood Showroom or at the Boutique Village in Millbrook, Southampton. Because these beds are quality British built and made to last they carry a generous weight limit of 25 stone and the mattress comes with a contemporary 'Ferron Ice' cover designed to alleviate over heating and provide you with your very own comfort solution.

Matching headboards are available in various designs, the beds also come with a fully upholstered base (no wooden slats which helps to increase the life of the luxury mattress) and a large fully upholstered easy glide end storage drawer which comes as standard at no extra cost. The stylish, sleek handset with a useful backlight and memory function also comes as standard as do the quality easy move castors or glides – the choice is yours. And you also have a choice of sizes: 2'6", 3' 4', 5' which can be combined to create double beds as required, and there's also the option of a standard solid traditional bed to go alongside an adjustable version. Also please note that VAT exemption is available in certain circumstances.

Explore your options - come and pay us a visit at our showroom and try before you buy. The quality build style and comfort is just what you're looking for, together with our award winning customer service and outstanding reputation gained in over 37 years of making

our customers in Hampshire and beyond happy and comfortable. Please don't take our word for it. Visit www.trustedtraders.which.co.uk or www.buywithconfidence.gov.uk to find out what our satisfied customers have to say.

Why dream of your perfect sleeping position when you can have the real thing on a bed from Dee Cee Upholstery and Interiors, WITH FREE DELIVERY & INSTALLATION

Your comfort in any position!

About Dee Cee Upholstery

Founded in 1978 Dee Cee Upholstery & Interiors is a local family run business that provides quality upholstery and interior furnishings. Dee Cee have a reputation for reliability and quality, and pride themselves on ensuring that every customer gets a seating solution that is exactly right for them. Alongside their traditional upholstery business they also specialise in providing healthcare furniture that is tailored to the customer's requirements. At just 22 years of age founder Derek Caplen became the youngest member of the Association of Master Upholsterers & Soft Furnishings and success has remained with Dee Cee, recently becoming the first company in Hampshire to be awarded the **Which?** Trusted Trader validation.
